Soroptimist International is committed to improving the lives of women and girls. Heart to Heart Ball funds will support programs in our local community. Our Soroptimist grants have provided computer training for women, health care for uninsured women, and education about domestic violence. We have a great after school program that helps girls build self-esteem and learn life skills needed to help them to live their dreams.

Our Live Your Dream Education and Training Award is given to a woman who is single head of household and needs training or education to improve the lives of her family. Our Dream It Be It Seminar in March is a valuable tool for high school girls. This day is filled with interesting speakers and is provided at no cost to the schools.

We cannot do all of this work without the help of sponsors in the community. We appreciate your support and we hope you will consider this request. Thank you in advance for your generosity!

Sincerely,
